

STATEMENT OF WORK

This Statement of Work ("SOW") is effective between Fabrikam Retail, Inc. ("Fabrikam") and Findability Sciences Inc ("Provider").

This SOW will commence on the SOW Effective Date and terminate upon completion, estimated at ten (10) weeks from the SOW Effective Date.

Background and Objective

Fabrikam runs a retail analytics estate across point-of-sale, CRM, and planning systems. Provider will leverage its Business Process Co-Pilot (BPC) technology to conduct a Customer Data Platform Readiness Assessment, ingesting metadata and mapping lineage across the estate.

Assessment Methodology and Deliverables

Provider will inventory sources, analyze usage, and map dependencies. Systems referenced include Salesforce, SQL, Snowflake, Databricks, CRM, Enterprise Analytics, EDI.

Final Deliverables

#	Deliverable	Description
1	Connectivity Status Report	Source access validation
2	Source Metadata Inventory	Catalog of retail data sources
3	Customer Lineage Map	End-to-end customer data flow
4	Readiness Scorecard	CDP readiness by domain
5	Activation Backlog	Prioritized activation opportunities
6	Enablement Playbook	Step-by-step activation guidance
7	Executive Summary Report	Leadership decision package

Implementation Phases

The engagement spans 10 weeks across discovery, mapping, and enablement phases.
